Reunion Gift Information

Giving back to the Academy through reunion class gifts is a time-honored tradition that is much appreciated by the school. In your committee's planning, please consider including an initiative to help inspire the generosity of classmates to pay it forward with a class gift. Often, the gift is presented at the Annual Luau.

How can the class gift be used?

Over the decades, reunion class gifts have supported scholarships, endowments for financial aid, building campaigns, and specific curricular and faculty programs. Today, scholarship funds are the most impactful and immediate way to give back to the Academy. Many scholarship class gifts have provided hundreds of students the opportunity to afford an Academy education.

Helpful guidelines!

When class representatives come together to establish their class gift, it is important they determine what the class gift will fund. They are encouraged to set a goal and raise as many collective funds as possible to present upon their 50th reunion year celebration. Alumnae can pledge gifts toward their class gift for up to 5 previous years before their Reunion.

If a class does not specifically designate what their gift is funding, the funds will automatically be designed toward the Academy's Annual Fund, which supports all operations including scholarships, financial aid, facility upkeep, and faculty professional development.

If a class desires to reach the goal of establishing an endowed scholarship fund, the total class gift amount must reach \$25,000 which places the gift in perpetuity.

The Academy does not allow any class fundraising activities to occur physically on campus. As a policy, the school does not manage or hold class bank accounts for general reunion activity expenditures. However, the Academy's Development Office will receive all class gift funds on behalf of the class and can report numbers to class representatives at any time. The Academy is able to provide specific Class Gift Pledge Forms for a class upon request and will happily facilitate all mailings, returns, tax letters and reports to class agents or organizers.

The Academy welcomes committees to begin a conversation with the Academy's Development Director, Emily Torres, at etorres@sacredhearts.org or call (808) 734-5058, ext. 333 to help shape an effective strategy to encourage the class to participate in a reunion class gift.

Alumnae Update

The Academy emphasizes the importance of keeping its Alumnae Database updated. Alumnae are encouraged to take their reunion year as an opportunity to update classmates' contact data and other information. Alumnae are welcome to update their information online by visiting: <https://www.sacredhearts.org/alumnae-events> or calling Tiffany Kiyabu Nishimura, '03 at (808) 734-5058, ext. 234.

Each member of the Reunion Committee will receive CONFIDENTIAL class directories to be used solely for communication regarding their reunion. The Academy values its relationship with alumnae, and strives to do its best to protect the confidentiality of personal information.
